

BIG SIX CLIMBS STEEPEST GRADE IN ADIRONDACKS

Society folks and others at such famous New York Summer Resorts as Saranac Lake, Massena, Lake Placid and Plattsburgh have a new topic of conversation this year. They are talking about the first motor car to ascend Studley Hill in high gear, a feat which hundreds of them witnessed recently. The car that finally turned the trick was a Studebaker Big-Six driven by J. Frank Sharp, of Ogdensburg, N. Y., and just to show that the performance was due to the power of the car rather than to any element of luck, Mr. Sharp repeated the climb five times in succession. Studley Hill is known to thousands of tourists as the steepest grade in the Adirondacks. Located near Malone, N. Y., it is 1900 feet high and more than a mile long. Motorists have been awed by its steepness and alarmed by its sharp turns. Some of the more skillful drivers have at times tried to make the ascent in high gear, but have been forced to shift before they got one-third of the way up. When Mr. Sharp made it known that

he intended to essay the climb with his Studebaker in high gear, speculation was rife among those at the various exclusive summer resorts as to the outcome of the test, and few believed it could be accomplished. Hundreds of them turned out for the occasion, and much to their surprise the Studebaker with Mr. Sharp at the wheel and another passenger at his side wormed its way up the long, steep, twisting road. The car began its journey at 50 miles an hour, reached the crest at 30 miles an hour, and never once did its speed drop below 15 miles an hour during the climb.

MINNEAPOLIS HAS MURDER MYSTERY

Girl Dies in Hospital After a Fiendish Attack

(INTERNATIONAL NEWS SERVICE) MINNEAPOLIS, Minn., Oct. 14.—Beaten unconscious by an unknown assailant, who used a rough stone for a weapon, Dorothy Bowers, 17 years old, Minneapolis girl, died in the general hospital early today, a few hours after she was discovered in a pile of

brush within a block of her home. She had never regained consciousness to tell the story of the attack or to give the police a description of her murderer.

Miss Bowers was found shortly before 8 o'clock by a man and his wife, who were attracted by the girl's screams as they were passing near the scene of the crime. They found the girl lying unconscious in a pool of blood.

Her body had been well concealed in the brush pile and there was evidence that she had been dragged about 20 feet, probably from the place where she was first accosted. Her small purse lay empty near her side and her clothing was torn and her arms scratched, telling the story of a terrific fight.

MOSCOW NOW BUSY WITH SIBERIAN

LONDON, Oct. 14.—The Moscow soviet is taking vigorous measures to crush the anti-Bolshevik coup in Siberia, said a dispatch from Helsinki today. With the Russo-Polish armistice signed the soviet will be able to return some of the Red troops who were removed from Siberia to fight the Poles. More than 1,000 arrests have been made by soviet troops at Omsk, Irkutsk and elsewhere. Most of the prisoners were former officers and soldiers in the army of Admiral Kolchak.

Take Advantage of These Three Special Offerings

A Brand New Upright Piano
\$395 We have taken over a very large proportion of the output of a great quality factory—concentrated on but one type—one size—one style—shipped in carloads at the old freight rate. These are but a few of the reasons why we can now offer a durable sweet-toned piano at last years prices.

A Guaranteed Player Piano
Here's an unusual value. It has the modern features of players priced up to \$700. It's easy to operate, simple of construction and staunchly built. The pedals fold in and a door closes over the music roll. Then you have the perfect form of an upright piano on which the children can take their music lessons. At the price offered, it's extra special.

A Beautiful Baby Grand for only
\$900 This special price is made possible by an agreement entered into over a year ago. Let our foresight be to you a money-saving fact. Buyers of fine pianos must be convinced as to quality. No stronger statement can be made than that one of this country's foremost colleges of music has tested—compared values and decided upon this model for their department of music. We are prepared to sell quantity orders at the price quoted and provide every facility for careful comparisons.

These Special Prices together with our Extended Terms Plan should enable you to settle your Piano question early and permanently. If unable to call, phone or write for our free floor pattern, Art Catalogs and price lists.
